Geo Façade Cleaner

- Traffic Film Remover

Product description:

Geo Façade Cleaner is an environmental friendly water-based cleaning concentrate with highly surface active components that effectively removes stains such as soot, dust, oily and greasy deposits.

Applications:

Geo Façade Cleaner is used for the removal of grime, crusted dirt, dust and deposits of oil and grease on mineral building structures (e.g. render, masonry work, concrete and natural stone) that among others have been exposed to the exhaust from traffic air pollutants.

How to use:

Geo Façade Cleaner is diluted with water in the ratio 1:10 – 1:200 depending on the application. The product can be used both for manually cleaning and for high pressure and steam cleaning equipment.

Dosing in water:

Manual cleaning : 5-10 %
High-pressure cleaning : 0.5 - 1% to the water tank

Technical data:

pH-value : 13.0
Density : 1.0 g/ml
Marking : Irritating to eye and skin (concentrated form)

Packaging:

3 x 5 litre plastic cans
