DuPont™ Oxone® compliance with EN 12678:2008

We, Du Pont de Nemours International S.A., hereby confirm that the chemical substance pentapotassium bis(peroxomonosulphate) bis(sulphate), EC-No 274-778-7; CAS-No 70693-62-8, marketed by DuPont under the name Oxone® is compliant with the European Standard EN 12678:2008 "Chemicals used for treatment of water intended for human consumption, Potassium peroxomonosulfate".

This European Standard is applicable to potassium peroxomonosulfate used for treatment of water intended for human consumption. Product that meet this and similar standards are acceptable for drinking water treatment in EU countries without further approvals. Please note that National Legislation may still be applicable.

Should you need further information on this subject, please do not hesitate to contact us.
